

# Cross Road and Fullarton Road Intersection Upgrade

## Avenue Road temporary closure

The Australian and South Australian governments have jointly funded (50:50) \$61 million to upgrade the Cross Road and Fullarton Road intersection. Once complete, the upgrade will improve travel times and road safety, increase intersection capacity and enhance network reliability.

As part of this project, paving works will be undertaken on Avenue Road, at the junction with Fullarton Road, Highgate.

### What to expect

Works will occur between 7am and 5pm from Wednesday, 26 April until Saturday, 29 April 2023, weather permitting.

To safely facilitate these works, **Avenue Road will be closed at Fullarton Road from 6am Wednesday, 26 April until 5pm Saturday, 29 April 2023.**

During this time, motorists will need to detour either via Euston Avenue and Hampstead Avenue or Invergowrie Avenue and Highgate Street. Refer to the map overleaf for details.

Please follow local detour signage and traffic controller instructions.

Motorists are reminded that right turn movements have been permanently removed at Euston Avenue and Fullarton Road.

Access to properties will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible.

Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Every effort will be made to minimise impacts to the community.

We appreciate your patience and cooperation whilst these important works are undertaken.

### Further information

For more information, or to register for project updates please contact the project team via the details below:
