

Road Safety Program

Southern Ports Highway Safety Upgrades Work notice

We are delivering critical road safety upgrades to the Southern Ports Highway

These works are jointly funded by the Australian (50%) and South Australian (50%) governments as part of the \$168 million Road Safety Program.

What's happening

We are undertaking safety upgrades on the Southern Ports Highway between Robe and Clay Wells Road, Bray. Works will include:

- Shoulder widening
- Pavement rehabilitation and resealing
- Safety barrier installation
- Audio Tactile Line Marking (ATLM) installation
- Vegetation management

ATLM is used to reduce rural 'run-off-road' road crashes by providing a noise (audio) and vibratory (tactile) warning to road users.

These upgrades will support regional economic growth and improve safety for all road users.

How this affects you

Southern Ports Highway, between Robe and Clay Wells Road, will remain open at all times.

To undertake this work safely, the Southern Ports Highway will be reduced to a single lane of traffic around works areas between Robe and the Clay Wells Road intersection at Bray for the duration of works.

When

Mid-October 2025 to mid-2026, weather permitting

Hours of work

Monday to Sunday
Between 7am to 6pm

Where

Southern Ports Highway, between Robe and Clay Wells Road, Bray

OFFICIAL

Traffic signals will be in place to direct the flow of traffic around works areas.

Speed restrictions will also be in place throughout the work areas, including when no workers are present on site. Please plan your trips, be cautious around workers and follow onsite signage.

Access to properties will be maintained. If we need to temporarily restrict access advance notice will be provided.

Thank you for your patience while we carry out these critical safety upgrades.
