

Wynn Vale Drive and Bridge Road Junction Upgrade

Project update

We have upgraded the junction of Wynn Vale Drive and Bridge Road, improving safety and accessibility in Gulfview Heights

Providing better connectivity in the northern suburbs

Improving safety for all road users

Forms part of the Northern Adelaide Suburbs Road Upgrades package

This project forms part of the State Government's election commitment to undertake upgrades, or investigate potential upgrades, in the northern suburbs.

Major construction works to upgrade the junction of Bridge Road and Wynn Vale Drive, Gulfview Heights are now complete.

This project update provides information on remaining minor works associated with the project, as well as notification of APA gas critical infrastructure works.

Government of South Australia
Department for Infrastructure and Transport

APA critical gas infrastructure upgrade

We have been advised by APA that critical infrastructure works are required to the gas distribution network in the vicinity of the junction of Wynn Vale Drive and Bridge Road, Gulfview Heights. These works are not part of the Department for Infrastructure and Transport's junction upgrade project.

Stage 1 of these works are underway on Wynnvale Drive with the majority of these works completed mid December 2025. Stage 2 works will be on Bridge Road, in the vicinity of the intersection and are expected to commence in early 2026 to April 2026. APA will provide advance notification.

APA will undertake asphaltting in the sections where their works are occurring following the completion of all their upgrade works in 2026.

If you have any questions or would like further information about the APA works, please contact Seychell Constructions on 08 8260 6977, or alternatively APA Group on 1300 001 001.

Wynn Vale Drive and Bridge Road Junction Upgrade update

Minor finishing works, including line marking, will be undertaken over the coming weeks in sections where APA are not working. During this time, to keep everyone safe, intermittent speed and lane restrictions may be required.

The new traffic signals at the junction of Bridge Road and Wynn Vale Drive will be switched on in late December 2025 following completion of APA's stage 1 critical infrastructure upgrade works.

Landscaping and replanting in the reserve adjacent Bridge Road will be complete in mid 2026 once APA are complete.

We would like to thank the community for their patience while these important works are being undertaken.
